CLEAN RECOVERY CENTERS BEGINS EVENING OUTPATIENT SUBSTANCE-ABUSE THERAPY

Tampa, FL, September 28, 2016 -- Clean Recovery Centers, a Tampa-based outpatient substance-abuse therapy provider, is now offering Evening Outpatient Group Therapy for those who want help but need to keep their day jobs. Therapy is held from 6pm - 9 pm Monday, Wednesday and Friday.

"We are pleased to provide this convenient evening program for those who want to get their lives back - who want to get clean, live clean and stay clean," said Charles Robinson, Clinical Director of Clean Recovery Centers. "This gives addicts flexibility in meeting court-ordered therapy requirements or simply seeking help on their own."

Clean Recovery Centers provide Intensive Outpatient Services and Transitional Living for the treatment of Addiction. The program provides a proven road to recovery for addicts based on a three-phase approach of preparation, action and maintenance.

Clean Recovery is located at 13308 Winding Oak Court in Tampa, and a new facility will be opening soon in Clearwater. For information about Evening Therapy or Clean Recovery Centers, contact 888-330-CLEAN (2532) or info@cleanrecoverycenters.com.
